

APRIL 4th ACT PREP WORKSHOP

@ LOST NATION SPORTS PARK from 3:30-5:00 PM

Sundays - 3/8, 3/15, 3/22, 3/29

All four sessions included for \$160

Are you planning on taking the ACT on **April 4th**? Sign up today for this incredibly valuable test prep! This class is open to all high school grade levels, and juniors are highly encouraged to attend. Seating is limited, so don't delay!

- Learn the rules for the **English** section of the test. With these rules, we have had students increase their English scores by 11-12 points.
- Learn how to break down **Math** word problems like the pros. We know how to get you to understand just what the question is asking for, and improve your overall understanding of math.
- Learn how to stay focused during the **Reading** section. We know that this can be a difficult challenge when the passages on the test are dry and uninteresting. We'll help you learn how to pick out the valuable information and manage your time efficiently so you can beat the clock.
- Learn how to tackle the **Science** section with nothing beyond your 8th or 9th grade Physical Science class. If you can put together a puzzle, we can show you how easy it is to manage the science section.

Registration is now available online at www.kelly-mac.com/LNSPApril2020

Registration form for the April 4th Tuesday ACT Test Prep Workshop at Avon High School should be returned with full payment by 3/6/20.

Registration forms and payments can be completed online at
